

# Pure Fridge Deodorizer

Air Systems

- ✓ Extends Food Life
- ✓ Reduces Food Spoilage
- ✓ Promotes a Clean Fridge Environment
- ✓ Eliminates Odors

Congratulations on your purchase of the O3 PURE Fridge Deodorizer. Undoubtedly one of the most amazing products you will ever purchase. Within a few hours of having it working in your fridge you will notice how clean your fridge smells. Custom designed for American fridge capacity.

## **Why foods mold & decay in the fridge**

Once fruits and vegetables are harvested they naturally produce ethylene gas. This gas production escalates food ripening causing mold to form and produce to spoil.

## **Contaminated Fruits & Vegetables**

Fruits and vegetables are also susceptible to contaminants, capable of causing human diseases while still on the plant, in the orchards, during harvesting, transport, processing, distribution or even in the home.

## **O3 Pure Fridge Deodorizer**

Air washes the contents of your fridge by utilizing nature's natural cleaner "ozone"

## **Ozone is Natural**

Ozone occurs naturally in the environment during thunder and lightning storms (high voltage passing through the air) making the air smell fresh. O3 Pure Fridge Deodorizer generates ozone by the same principle as lightning storms.

***“Safety Assurance for use with food”***

FDA-Ozone Regulatory  
Status FDA/CFSAN- June  
26, 2001

“The FDA amends the food additive regulations to provide for the safe use of ozone in gaseous and aqueous phase as an anti-microbial agent on food, including meat and poultry.”

Final Rule published in Federal Register (21 CFR Part 173, Docket No. OOF-1482)

## Directions For Use

- 1) Remove O3 Pure Fridge Deodorizer from box and packaging.
- 2) Turn the unit upside down and remove battery door. Install 4 C batteries (negative end to the spring).
- 3) Close battery door & turn right side up
- 4) Press the On/Off button. The O3 Pure Fridge Deodorizer indicator light will flash every second during cycling modes and every 10 seconds during resting modes. O3 Pure Fridge Deodorizer will cycle continuously for 30 minutes and then automatically cycle for 5 minutes every 2 hours.
- 5) The indicator light turns a solid red when the batteries need to be changed.

## **Features**

The O3 PURE Fridge Deodorizer extends food life, reduces food spoilage, promotes a clean fridge environment and eliminates odors. Built in micro CPU intelligently controls the operation cycle & rest modes. Strategically engineered for high humidity and cold temperatures inside of refrigerators.
